

## **Proverbs 31 Wives, What to Wear**

### **Form YRR-P31-B**

We know it's tough to decide what to wear, especially for a Proverbs 31 woman. Here's the thing: standing there, slack-jawed, in front of your closet for more than a few minutes makes you a bad steward of your time. So just fill out this handy form and, *voilà!*, your husband will let you know what to wear.

**Why not just wear the long denim jumper you usually wear, with the apple and blackboard, appliquéd on the front of it?** \_\_\_\_\_

**Jeans to church? Really?**

**Y or N**

**Is the makeup really necessary?**

**Y or N**

(Situations where the makeup is really necessary: You're on a talk show, promoting the new book you just released with Crossway. You're acting in a Kirk Cameron motion picture. It's Halloween, which we don't celebrate anyway.)

**Don't you think that shirt shows too much of your boobs?**

**Y or N**

(You know the one I'm talking about, the pink, cotton, scooped-necked little number you got from Forever 21 . . . but here's the thing: People aren't Forever 21. That's a lie from the enemy.)

**Is the Jesus fish tattoo you got on the small of your back during that Mexico missions trip in college visible?**

**Y or N**

(If Y, that was the dumbest decision you ever made, besides briefly dating that linebacker during your senior year)

**Don't you think a turtleneck would be more appropriate?**

**Y**
